DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-28, and 32-59 are allowable over the prior art.
2. The following is an examiner's statement of reasons for allowance:

With respect to claims 1 & 25, Mitsuoka et al 6,528,780 B1 disclose an optical probe with reflecting surfaces disposed so that the light enters in from a first side and reflect off a second side. The light then reflects off a surface on the first side and focuses to an aperture. However, this aperture is not a part of the transmission medium. As a result, independent claim 1 and dependent claims 2-4 are allowable over the prior art.

With respect to claims 5-24, 26-28, and 32-59, the reasons for allowance of these claims are presented in a prior office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Chen et al 6,185,051 disclose an optical focusing device.

Oh et al 6,493,156 B1 disclose a high-resolution lens.

Hill 6,552,852 B2 discloses an imaging system.
